Special Guest of Honor

Mike Nelson

Executive Officer of the

San Diego River Conservancy

*Enjoy the magic under the stars with the twinkle of lights along the trail
at this alfresco Italian dinner and silent auction to support the San Diego River!*

The mission of Lakeside's River Park is to preserve and restore the biological integrity and beauty of the San Diego River while focusing on water quality, flood control, native habitat restoration, and river trail recreation.

Our Once in A Blue Moon Event is the signature fundraiser for our organization, but it is also our way of celebrating and sharing with the community the beauty that the River Park holds.
