

Arctostaphylos silvicola 'Ghostly'

Ghostly Manzanita

TALL SHRUB—evergreen
6 - 8' high. Upright.
Almost gray leaves.
Red bark.
White flowers—early winter.

Cultivar from *A. silvicola* which is native to the mountains
of the California central coast.

Full sun.
Tolerates cold.
Likes summer water (native habitat gets around 40" rain
annually).
Will grow in shallow soil.

Shows well against brick walkways.
Gray coloring useful as contrast with other plants.
