

Arctostaphylos densiflora 'Ian Bush'

Ian Bush Manzanita

PERENNIAL, evergreen.

4 - 6' high, 3 - 6' wide, open and upright.

Leaves are gray-green.

Flowers pale pink - winter.

Dark red bark.

Horticultural selection from *A. densiflora*. May be a hybrid with
A. pungens.

Full sun to part shade.

Adaptable to different soils.

Drought tolerant. Water only as needed.

Fast-growing.

Good for a garden hedge or as a specimen plant.

Attracts butterflies and birds, including hummingbirds.
