

Arctostaphylos 'Pacific Mist'

Pacific Mist Manzanita

Photographs by John R. Hyde

GROUNDCOVER - evergreen.

2' high, 6' spread.

Mounding.

Leaves gray-green, tough, sandpaper-like, pointed.

Bloom - spring.

Random hybrid.

Full sun to part shade.

Heat and smog resistant.

Needs some water (1 - 2 x / month) once established.

Rapid growth - fastest, tallest of all *Arctostaphylos* groundcovers.

Nice form.
