

*Calliandra* 'Sierra Starr'  
Fairy Duster 'Sierra Starr'

SMALL SHRUB - evergreen with some water.  
4 - 5' high, 4 - 5' wide. Densely branched.  
Leaves divided into many small leaflets.  
Flowers deep rose to red - spring, through year with water.  
Long silvery seed pod.

Hybrid, *Callianra californica* X *Calliandra eriophylla*

Full sun.

Well drained soil.

Best with periodic deep water.

Very showy and beautiful when happy.

Good for heat-exposed areas.

Loved by hummingbirds.
