

Ceanothus 'Ray Hartman'

Ray Hartman Ceanothus

LARGE SHRUB - evergreen.
To 15' high, 10 - 15' wide.
Mounding.
Leaves large, 1 to 2" long;
dark, glossy green.
Medium blue flowers in
large sprays - early
spring.

Photographs by Don Ridout

Hybrid:
C. griseus x *C. arboreus*.
Full sun.
Tolerates heat inland.
Occasional deep water,
1 - 2 / x month, once
established.

Vigorous.
Attractive foliage and heavy
bloom.
Useful for screen and slope
plantings.
Good specimen; can be trained
into a small tree.
