

Fremontodendron 'California Glory' California Flannelbush, *Fremontia*

MEDIUM SHRUB - evergreen.

10 - 20' high, 15' spread. Upright when young, mounding with age.

Leaves small, 1 - 2" across.

Solid mass of flowers, lemon yellow above, rusty below - spring.

Presumed hybrid of *F. californicum* x *F. mexicanum*.

Full sun.

Frost resistant.

Well-drained soil essential.

No summer water once established.

Can grow rapidly.

Should be considered short-lived (10 to 20 years) in garden.
