

Garrya elliptica 'James Roof'

James Roof Silktassel

SHRUB, SMALL TREE - evergreen.

6 - 10' high, 6 - 8' wide.

Leathery, wavy edged leaves, dark green above, woolly below.
Showy white or greenish flower catkins, 3 - 12" long, give weeping effect - December to March.

Horticultural selection from cuttings of *G. elliptica* by James Roof.

Full sun to part shade.

Well-drained soil.

Somewhat drought tolerant, but better with some summer water.

Slopes, screen, informal hedge or specimen.
