

Lupinus bicolor

Dove Lupine, Miniature Lupine

ANNUAL

To 16" high, branched.

Leaves hairy.

Flowers blue and white -
March to June.

Native habitat: wide range
of plant communities
throughout Western
North America - below
5300'

Full sun to shade.

Useful on its own or in an annual
spring flower mix.

Can be used to give spring color
to areas of later-flowering
perennials.

Note: Lupines are toxic.
