

Salvia mellifera 'Jade Carpet'

Prostrate Black Sage

Photograph from web.

PERENNIAL, ground cover.

2' high, 6' spread.

Leaves dark gray-green, aromatic, wrinkled.

Flowers white to lavender— Spring.

Horticultural selection.

Full sun.

Tolerates wide range of soil with good drainage.

Can be used on slopes.

Drought resistant.

Best if well trimmed back following bloom.

Deer resistant.

Attracts butterflies, hummingbirds and bees.

Seeds attract birds.
