

Sisyrinchium bellum 'Devon Skies' Blue-Eyed-Grass

Photograph from web

PERENNIAL (Iris Family)

4" high plant with flowers to 10"

Forms clumps to 6"+ wide.

Leaves grass-like.

Flowers bluish-violet, variable, long bloom in spring to summer.

Horticultural selection (dwarf version).

Full sun to part shade.

Frost resistant.

Will tolerate some drought, but stays green with summer water.

Good accent in rock gardens.

Can also use in borders or in containers.

Attracts butterflies and other insects.
