

Verbena lilacina 'De La Mina'

Cedros Island Verbena

PERENNIAL SUBSHRUB - evergreen.

To 2' high, 4' spread.

Mounding, forming round clumps.

Delicate green leaves.

Flowers dark purple with lavender streaks - mainly spring, but year round.

Horticultural selection from *Verbena lilacina* from Cedros Island.

Full sun to part shade.

Minimal water requirements.

Will grow in any soil but best with good drainage.

Adaptable to growing in pots.

Flowers are fragrant and attract butterflies year-round.

Good low maintenance border plant.

Heat tolerant.
