

Viola pedunculata Johnny-Jump-Up

PERENNIAL - deciduous
To 15" high, from a rhizome with many
fleshy roots.

Leaves green, entire.

Flower petals orange-yellow with dark
brown veins - February to April.

Native habitat: grassy slopes; coastal and
foothills below 3000' - North Coastal
Range to northern Baja California.

Full sun to part shade.

Tolerant to a wide range of soils.

Great under and around shrubs such as Buckwheat,
Sagebrush. Good mixed with annuals.
