

# *Chrysopsis villosa* 'San Bruno Mountain'

(Also known as *Hetertheca sessiflora* ssp. *sessiflora*)

## Golden Aster

PERENNIAL SUBSHRUB

1' high, 2 to 3' across.

Mounding.

Deep green leaves.

Profuse bloom, like bright yellow ball — summer.

Horticultural selection.

Full sun to part shade.

Summer water 1 or 2 x /  
month.

Good in rock gardens. Good as  
accent plant in perennial  
borders.

Fast growing. Easy to grow.  
Hummingbirds and butterflies like  
the flowers.

Birds eat the seeds.
