

Salvia 'Celestial Blue'

Celestial Blue Sage

SHRUB - evergreen, but deciduous if stressed.

To 6' high, to 6' spread.

Leaves are gray-green and aromatic.

Flowers are quite large, violet-blue and fragrant - summer.

Cultivar hybrid between *Salvia clevelandii* & *Salvia pachyphylla*.

Full sun to part shade.

Very tolerant of rocky soil.

Drought tolerant.

Great for attracting hummingbirds, butterflies and moths. Use as late summer color, especially mixed, e.g. with *Viguiera*.
