

# *Salvia* 'Dara's Choice'

## Creeping Sage Hybrid

Photographs by Margaret L. Fillius

HERBACEOUS PERENNIAL - evergreen.  
1 - 2' high, 3'+ spread.  
Glaucous green leaves.  
Deep lavender flowers - spring.

Hybrid of *Salvia sonomensis* and other, unknown *Salvia* species.

Full sun to part shade.

Frost resistant.

Some summer water (1 x /month) once established.

Good in perennial borders and compact places.

Vigorous grower.

Can spread through stems taking root.

Attracts hummingbirds.
