

Sisyrinchium californicum

Golden-Eyed Grass

Photograph by John R. Hyde

PERENNIAL (Iris Family)
Less than 1' high, 1' wide.
Leaves stout, dull green, in clumps.
Flowers golden yellow - spring.

Native habitat: freshwater marsh from Monterey to Oregon.

Full sun to part shade. Frost resistant.
Moist soil with good drainage.
Needs some summer water (2 x /month).

Good for accent and containers.
